COMPETITIVE EVENTS PROGRAM

MISSION STATEMENT

The mission of the NC FBLA competitive Events Program is to prepare students for successful careers in business through support for curriculum development and innovative assessment tools. To help meet that charge, this competitive events series has been developed and made available to local chapters for use in assessing students in the various knowledge, skills, and abilities that make up today's business education curriculum.

PROGRAM DESIGN AND PURPOSE

The competitive events series exemplifies the range of activities and focus of FBLA-PBL. These events are based on projects developed from the goals of FBLA-PBL and the curricula of business education programs.

Please see the Chapter Management Handbook for membership criteria. Only ACTIVE members are eligible to compete in the Regional and State competitive events.

ADMINISTRATIVE AND PROCEDURAL REMINDERS

- Each participant may compete in one chapter event and one individual or team event.
- Participants must bring a copy of the prejudged media sent if they want to include it in their performance.
- Performance attendance for prejudged events—presentation of the event must be conducted by participants who authored the event. In the case of a team event, at least one author must give the presentation at the SLC; however, all team members who wish to be recognized as state winners must register for the SLC. No replacement or substitutes will be allowed.
- For NLC all changes to competitive event participation must be made by the first Friday in June. Deletions are the only change that can be made on-site.
- For all events allowing equipment to be used at SLC, the equipment must be provided by the individual, team, or chapter for each event entered. A screen, table, and electrical power will be provided on-site. A computer, projector, and Internet will be provided for e-Business and Website Design. Access may not be via WiFi, so participants should plan appropriately when selecting laptops/tablets on which to present.
- Microphones will not be used in any events.
- **Preliminary performance** events are not open to conference attendees.
- Three (3) copies of the following media must be received for prejudging by the deadline on the Calendar of Activities—Computer Game & Simulation Programming, Desktop Application Programming, Graphic Design and Mobile Application Development.
- Videos for Digital Video Production should be uploaded to You Tube or School Tube. These videos should be marked “unlisted.”
- Six (6) copies of application materials must be submitted for Future Business Leader and Job Interview.
- Report projects must not have been submitted for a previous SLC.

PREPARING FOR COMPETITION

The NC FBLA Awards Program is a very exciting part of the NC FBLA year. Each active local chapter is allowed to send one (or, in some cases, two or more) representative(s) in each of the regional and/or state events. The knowledge, experience, and motivation gained from competing makes every participant a winner.

Not everyone can go to the regional and/or state conference and take home an award. However, members can increase their chances by working with their advisers to ensure careful advanced preparation, adherence to all relevant guidelines and rules, and by following these tips.

1. Comply with entry procedures and regulations.
 - Check the status of membership dues. Students wishing to compete must be paid members. Refer to the Calendar of Activities for dues deadline dates.
 - Ensure that the entry forms are completed properly and uploaded by the date listed on the Calendar of Activities. It is the responsibility of the local chapter adviser to register each student for regional conferences, state conferences, and national conferences. It is the responsibility of the state adviser to enter the names of the national qualifiers in the national database for the national competition.
2. Be familiar with the event guidelines.
 - Check the current edition of the NC FBLA Competitive Events Program for guidelines and a complete listing of individual, team, and chapter events.
 - Make copies of the appropriate guidelines and rating sheets. Check the FBLA National Awards program competitive events guidelines to **determine modifications** that might have been made for regional and/or state competition.
 - Become completely familiar with the procedures to be followed in administering the event.
 - Determine from the rating sheets and guidelines exactly what areas will be judged.
3. Identify and assemble needed resources. Obtain a variety of textbooks on your subject matter to study. Many textbook sources are utilized in the preparation of test questions for the various competitive events. Terminology may vary from one publisher to another, and test questions may be from several sources. FBLA-PBL provides a study guide with preparation tips and sample questions through the FBLA-PBL website <http://www.fbla-pbl.org/web/sectionid/587/module/ce/fbla.asp>. Study materials may also be purchased through the FBLA-PBL *Market Place*.
 - Contact former and current chapter members who have entered this event in previous years.
 - Find mentors and other experts who can help you prepare.
4. Prepare for the competition.
 - Where appropriate, involve faculty, other members, advisory committee members, and business people. These are excellent resources — use them!
 - Practice makes perfect! Try to recreate as realistically as possible the conditions under which the competition will take place.
5. Comply with competition regulations.
 - Be familiar with the information to be provided and the deadlines to be met.
 - Make sure that copies of materials to be submitted to judges are error-free and that they are submitted in the proper format.
6. Do the best you can and enjoy!

Chapter advisers are also encouraged to keep the following points in mind as they prepare their students for participation in the NC FBLA Competitive Events:

- Competitive events are excellent motivating devices; they help to instill the desire to learn and to achieve.
- To be the best generally requires innate ability, high motivation, and many hours of hard work.
- Travel and interaction with students from other schools are tremendous learning opportunities for students.
- Competitive events can be helpful in building school spirit and in publicizing a business program.
- Competitive events should not be used to determine curricula, teaching methodology, time spent on class activities, textbooks to be used, grading procedures, or for teacher evaluation.
- Excessive class time should not be spent on areas covered in competitive events at the expense of other subject matter that should be taught.
- Delaying contestant selection as long as possible is encouraged so that more students are striving for mastery or excellence in a particular area.
- A teacher's competence should not be judged by the number of winners produced in a period of time. A teacher is not an excellent teacher simply because a student wins a competitive event any more than a teacher is a poor teacher because a student does not win.
- Likewise, the success of a local chapter should not be determined strictly by the performance of its members in competitive events. While an important element of the overall FBLA-PBL program, competitive events are just that — a part. Any activities and programs work together to build a successful chapter.
- Teachers should recognize the value of competitive events, maintain a professional attitude towards the events, and keep them in proper perspective.

INFORMATION ABOUT FBLA

FBLA-PBL AWARDS PROGRAM

Competitive spirits, and recognition of excellence, reflect important aspects of the educational process that prepares students for their roles in the American enterprise system.

Today's students demand and deserve learning experiences that enable them to achieve success through effective participation in career-related activities designed to reach professional goals. The NC FBLA Competitive Events Program offers this opportunity by providing support for curriculum development that facilitates practical applications and increases conceptual knowledge of business principles.

DRESS CODE FOR ALL CONFERENCES

FBLA-PBL members and advisers should develop an awareness of the image one's appearance projects. The purpose of the dress code is to uphold the professional image of the association and its members and to prepare students for the business world. Appropriate attire is required for all attendees – advisers, members, and guests – at all general sessions, competitive events, regional meetings, workshops, and other activities unless otherwise stated in the conference program. Conference name badges are part of this dress code and must be worn for all conference functions. For safety reasons, do not wear name badges when touring.

See National Website for latest Dress Code requirements:

<http://www.fbla-pbl.org/about-fbla/>

**Dress Code is required for opening and closing ceremonies.
You must be in dress code to be recognized on stage.**

Members will be screened for dress code violations before they will be allowed to go on stage.

GENERAL REGULATIONS

- Members must adhere to the dress code established by the Board of Directors in order to participate in a competitive event at the regional or state conference.
- Participants failing to report on time for their event may be disqualified.
- Members must be registered for the conference (following current registration guidelines) in order to participate in a competitive event.
- Reference manuals, textbooks, and other resource materials may not be taken to or used during competitive events. Exceptions to this rule are clearly identified in the guidelines for each individual event. For instance, when events guidelines specify material or equipment that may be used (e.g., a 4" by 6" card or a calculator), only those materials or equipment may be used. If an item is not listed, it is to be assumed that it is not allowed. Individual participants or a participating team must adhere to this event regulation or be disqualified.
- No audio or video recording devices will be allowed in any competitive event. Participants in the team performance events should be aware that the state office reserves the right to record any performance for use in study or training materials.

- Event guidelines call for a receipt deadline. This places the responsibility of getting materials to the regional board member/state office on the local chapter. Chapters should plan ahead and take the necessary steps to ensure that materials are received by the deadline.

ELIGIBILITY GUIDELINES

These competitive events are provided as a membership benefit for the local chapters. Only those students who meet the official membership eligibility requirements and are on record with the state and national offices as dues-paid members on or before the first/second semester dues deadlines are eligible to compete. Membership in FBLA is unified on the local, state, and national levels and is not available separately. FBLA members may participate only in the competitive events associated with their affiliated divisions.

State events are divided into four categories:

- Chapter Events
- Individual Events
- Team Events
- Recognition Events

Members may participate in one chapter event, as well as one individual or team event. They may also participate in a recognition event. Recognition events generally are directed toward:

- Chapters
- Individuals
- People other than members who have provided outstanding support for FBLA

In the case that a recognition event involves a member, such participation will not preclude that member from competing in another individual or team event.

A member may enter only one individual or team event with these exceptions:

- A member taking the State Parliamentary selection test is not classified as a competitive event participant and may compete in another event.
- A member nominated for "Who's Who in FBLA" or participating in a scholarship event may compete in another event.
- Members that are a part of the Gold Seal Chapters may compete in another event.

Depending on the specific event, the FBLA state office may enter one, two, three or four competitors for competition at the National Leadership Conference. In general, events consisting of a performance (e.g., interview, speech, team presentation) allow one competitor per state. Refer to the individual event guidelines for specific eligibility requirements.

Members participating in an event that is **restricted either to specific grade levels or maximum-training limits** must submit a **current transcript** as proof of their eligibility.

- Participants failing to report on time for the event may be disqualified.
- Participants must adhere to the dress code

HOME SITE PRODUCTION EVENTS

Regional Home Site—Local chapters must submit with the Event Entry form a Test Administrator Identification Form. The Regional Adviser will send the test, Administrator Release Form, guidelines, script, and return envelope to the identified test administrator. This test should be administered in accordance with the instructions included in the test packet. **Each region may handle this differently.**

State Home Site—Local chapters must upload the Event Entry Form and furnish the Test Administrator Identification Form by the date given on the Calendar of Activities. Directions will be emailed to you.

After the **regional test** is completed, all materials (test, Administrator Release Form, guidelines, script, data diskette and student's test documents) will be placed in a return envelope and mailed to the Regional Adviser by the stipulated deadline. Tests not postmarked by the deadline will be disqualified. It is suggested that local chapters return test packets by certified mail. FBLA will not be responsible for test material lost in the mail or not received by the deadline. **State test** will be uploaded. Directions will be emailed to you.

EVENT COMPONENTS

In addition to events being categorized as Individual, Chapter, or Team, you will want to know what the competitive event components are. The options are:

- **Prejudged** – All events that require the student to submit material such as reports or CDs, to be judged before the conference starts are called “Prejudged”. Often an event will have more than one component and Prejudged is one of the components.
- **Objective** –This is an online test that will be administered at the school.
- **Performance** – Performance events require an active participation on behalf of the students. These events will require the student to stand and orally defend his/her project.

- Home Site –These are production tests that are administered prior to the regional/state conferences at the home school by a non-business teacher proctor. Please refer to the events to see what the components are for each event. See the individual event guidelines for administering procedures. Each of these events also has an on-line objective test portion.

2017 NLC COMPETITIVE EVENT TOPICS

BUSINESS FINANCIAL PLAN

You are planning to open a Family Entertainment Center (FEC) in a city with a population of approximately 200,000. You will lease an existing 30,000 square foot building that is currently empty with nothing but four outside walls in an area that is already properly zoned for your business venture. You can design your FEC as you wish, but it must be completely indoors and include an arcade and food. You will also be offering party packages to your customers.

You will need to name your FEC, create the theme, and design the floor plan for needed construction/renovation. You will need to purchase equipment, furnishings, and inventory for your decided launch date. You will need to determine hours of operation, decide staffing requirements, and create marketing and advertising plans.

CODING & PROGRAMMING

Develop a database program to manage the general operations of a Family Entertainment Center (FEC). Give the FEC a name. The program must allow the user to complete at minimum the following tasks:

- Enter/view/edit a list of employees
- Create/edit a weekly work schedule for employees
- Generate/print weekly schedule reports
- Enter attendance of customers
- Enter/track, generate, and print report(s) showing customer attendance by time of day (AM/PM) and day of week

COMPUTER GAME & SIMULATION PROGRAMMING

Create a 1980s style video arcade game. The game must:

- include at least three (3) levels of play
- include three (3) lives/chances
- keep score
- run on a PC using Windows 7 or newer
- be a standalone executable program
- be virus and malware free
- contain a celebratory event and conclusion
- include a leaderboard
- include audio and visual indicator that the game has been completed
- run solely by keyboard stroke
- qualify for a maximum ESRB rating of E10+

DIGITAL VIDEO PRODUCTION

Create a promotional video for a new, member original TV series or movie. The rating should meet “G” requirements.

E-BUSINESS

Create a site that would allow a platform for a digital yard sale to raise funds to attend NLC. The site must include a shopping cart and a place to donate funds for those not wishing to make a purchase. The items must be searchable. A contact form must be available.

EMERGING BUSINESS ISSUES

In the ever-changing world of business communication and demand for instantaneous information, discuss the issues surrounding cloud computing in relation to storage, access, and security. Be prepared to argue the affirmative, that cloud computing would positively answer the demand for instantaneous information; and be prepared to argue the negative, that cloud computing is not the answer to instantaneous information.

GRAPHIC DESIGN

You have been hired as a graphic designer for a new Family Entertainment Center (FEC) opening in a city with a population of approximately 200,000. Provide a branding package for the owners that would include a name for the FEC, logo, theme, store front design, interior and exterior signage, and menu boards.

INTRODUCTION TO BUSINESS PRESENTATION

Create a presentation for professional members, local businesses, and/or vendors to encourage participation in and benefits of judging opportunities at FBLA competitions.

MOBILE APPLICATION DEVELOPMENT

Create a mobile application that would allow a platform for a digital yard sale to raise funds to attend NLC. The app should allow for the donation of items, including picture, suggested price, and a rating for the condition of the item. The app should allow for interaction/comments on the items. Code should be error free.

PUBLIC SERVICE ANNOUNCEMENT

Develop a public service announcement that addresses the safety and security surrounding the use of drones.

PUBLICATION DESIGN

Create a publication portfolio promoting a new, member original TV series or movie. The portfolio should include a poster, character cutout design, ¼ page newspaper advertisement, and three additional promotional products. Everything should meet “G” rating requirements.

WEBSITE DESIGN

Develop a website for a new Family Entertainment Center (FEC) opening in a city with a population of approximately 200,000. Name the FEC. The FEC will be offering a variety of activities of your choice with a snack bar. The FEC will offer party packages to their customers. The website should allow customers to check availability for parties and make party reservations online. The site should also include a contact page.

COMPETITIVE EVENTS, PROJECTS & RECOGNITION

NC FBLA offers many competitive events for both middle and high school levels. Though we closely follow the guidelines of National FBLA, we do not offer every event that they offer. Similarly, National FBLA does not offer all of the events that are offered through NC FBLA.

Before a competitive event is selected by NC FBLA, an evaluation is made to insure that a business course in the Standard Course of Study supports the skill requirements of the event. If there is not a business course with a specific business course number that is being taught to support it, the event is not offered. Please refer to the Standard Course of Study for a listing of these courses. You may find this on the DPI website at:

PARLIAMENTARY PROCEDURE – HIGH SCHOOL

State/National Event - (Individual or Team)

This event recognizes FBLA members who demonstrate knowledge of the principles of parliamentary procedure. This event is based on team rather than individual competition. Team participants develop speaking ability and poise through competitive performance.

However if the chapter does not have a team that will be participating, but has a student that wants to take the test to qualify for State Parliamentarian, they can register this student for the Parliamentary Procedures event. Under this circumstance this can then classify as an individual event, but is otherwise a team event.
